Re: Certificate of Correction

Consideration has been given your request for a certificate of correction, for the above-identified patent under the provisions of Rule 1.322 and 1.323.

Respecting the alleged error(s) in your request, a petition under C.F.R. 1.182, is required to correct the alleged error in an inventor's address, since an inventor's address is printed in accordance with the Declaration or the PTOL-85B (Issue Fee Transmittal), in file at the time of payment of the base issue fee. The error was not made by the Patent and Trademark Office in the printing of the patent. An inventor's address is a matter not affecting the validity of technical subject matter of the patent, and since inventors often move both before the issuance of the patent and afterwards, no correction is in order here under the provisions of Rule 1.323, unless a petition under 1.182 is granted.

In view of the foregoing, your request is hereby denied.

Any petition under 37 CFR 1.182 should be directed to the attention of the Assistant Commissioner for Patents, using the following mailing address or FAX number.

By Fax: (703) 308-6916
Attn.: Office of Petitions

If, the petition under 37 CFR 1.182 (required fee currently \$130), is filed and granted, the patentee would be entitled to a certificate of correction under 37 CFR 1.323 (required fee currently \$100).
